

THE UNIVERSITY OF
SOUTHERN MISSISSIPPI

School of Mathematics & Natural Sciences
Chemistry and Biochemistry
Fall 2019 Seminar Series

- August 30** **Seminar class meets to discuss requirements**
- September 6** **Kimberly S. Petersen, University of North Carolina at Greensboro**
“Chiral Brønsted Acid Catalyzed Intramolecular Cyclizations”
- September 13** **Saumen Chakraborty, University of Mississippi**
“Rational Design of Artificial Hydrogenases”
- September 20** **Graduate Student Colloquium**
- September 27** **Jeffrey R. Raker, University of South Florida**
“Research and Assessment of Chemical Education Practices”
- October 4** **Fall Break (No seminar)**
- October 11** **Daniel Kuroda, Louisiana State University**
TBA
- October 18** **Bjorn Lussem, Kent State University**
TBA
- October 25** **Sheryl Wiskur, University of South Carolina**
“Organocatalysis”
- November 1** **Richard E. Lee, St. Jude Children’s Research Hospital**
“Design, Synthesis and Development of Novel Chemotherapeutic Agents”
- November 8** **Sam Lahasky, Oxiteno**
TBA
- November 22** **Chemistry Undergraduate Capstone Symposium**
- November 29** **Thanksgiving – (No seminar)**
-

All seminars are held in the
Bobby Chain Technology Center Room 106 at 1:30pm
